In order to minimise personal injury and safeguard the health of employees and other persons, the Company aims to promote and maintain a high standard of safety by providing safe places of work, safe systems of working and by proper maintenance of all plant and equipment. To achieve this, we require the co-operation and assistance from all employees of all and any status within the organisation. We also require the co-operation and assistance of all and any sub-contractor.

The ultimate responsibility for Health and Safety lies with the Managing Director who will ensure it is given equal priority with other major business objectives.
